The General Certificate of Education (GCE) Advanced Level, or A Level, is a main school leaving qualification in England, Wales, Northern Ireland, the Channel Islands and the Isle of Man. It is available as an alternative qualification in other countries. It used to be the case that students would study over a two-year period, and that they would sit examinations at the end of each year (AS and ...

NZD to USD Overview: The US is New Zealand's second largest export market and third in import terms. This had made the NZD to USD exchange rate a focus of our money transfer team for many years. The NZD/USD exchange rate can be volatile at times, especially during peaks and troughs of the cash rate cycles. The NZD is considered a "growth" currency, and the USD a "safe haven" currency.

Introduction to Character Codes. Character Codes: the Basis for Processing Textual Data. What makes personal computers useful to the majority of people is not that they can process numerical data--yes, a lot of people still prepare their tax statements with a handheld calculator, not a personal computer!--but that they can process textual data.
